What is KidzMax Live and Character Connex?

KidzMax Live! is a four-night kids' outreach event performed using the KidzMax Live! kit. The kit comes complete with scripts, costumes, props, and sound effects. The event is designed to help you reach the children of

your area, then for you to partner with other needy churches, Indian reservations, military installations, and inner-city ministries, helping them to reach the children of their areas. For more information, go to www.kidsquestusa.org

Character Connex is a school assembly program developed specifically to connect school children with good character traits. It's carefully designed to be sensitive to the "separation of church and state" concerns of the public school system. This high-energy program captures all the senses, featuring video, skits, puppets, games, illusions, and audience participation. Character Connex is a great tool to connect children's leaders to their local public schools. For more information, go to www.characterconnex.com.
